Data gathered by Jean and Burt Rentmeister

Entered on computer by Diana Wichman

January, 2005

### Explanatory Remarks:

0000 = No year given

geb. = geboren = born (birth date)

gest. = gestorben = died (date of death

NG = Not Given )

**Sic** = means that the data was entered just as it was written, even though it may seem to be in error. Letter or number bolded are in question.

### Notes:

- Unless otherwise indicated, the notes those of the person who examined the headstones and recorded the information: *Jean and Burt Rentmeister* and *Ruth Worthing*
- R-036 is not a cemetery record *per se*. It is a small section (1978-1988) of the parish death register. We have included below persons listed in that register who were buried at St. John's in New Fane.

Location: Auburn Township, Section 26

*This church is located at the junction of highways S and BB, on the northeast corner of the southeast quarter of Section 26. The land for the church was bought in 1861 from Henry and Elisabeth Heberer who received \$14 for the 308 square rods. The first church of logs was built that year though the deed was not registered until January of 1863. A log school was built in 1866. The present church was built in 1871 and additional land purchased in 1874.*

*This distinctive church was built of stone from the locality. The members of the church brought in the stone and built it themselves. The church is of the Lutheran persuasion.*

The lists will be given in three arrangements:

- the original order (how they were in the Reese envelope)
- alphabetical order
- chronological order, according to date of death
