

N-16

October, 1987 – 1991

The index tables can be read as follows:

1. At the top of each page you will find the beginning and end dates for that scrapbook.
2. The first column gives the name(s) of persons about whom the article was written. In articles that deal with couples' engagement, marriage, anniversary, etc. there is a double entry, one for the bride and one for the groom. Since all entries were alphabetized, the bride and the groom are probably on separate pages.
3. The second and third columns have a W and an O at the top. If the W column is checked, that means that the article has something to do with the person's wedding, anniversary, engagement, etc. If the O column is checked, that means that the article is an obituary.
4. The 4th column gives the item number for this album.
5. The last column gives *the date the article appeared in the paper*. Usually, but not always, there is a date (month and year) at the top of each page. In cases where there was no date at the top of the page, the date given is an estimate based on previous and subsequent pages where a date is given. At times, an exact date of the event is given in the article itself.
