Winter Reminders

- Remove snow from sidewalks within 24-hours of snowfall – per village ordinance
- **Do not blow or push snow into the street**
- Winter parking ban 11/15/22 – 4/15/23 from 2:30am – 5:30am enforced as needed/when it snows
- Compost dumpster (110 Columbus Parc Ct.) **winter hours**, Monday-Friday only, 7am – 3pm

Permits Required

A building permit is required when you install a new furnace, air conditioner, water heater or water softener in your home; permits are also necessary for any new buildings, additions or remodels, roofing, siding, decks, windows, pools, fences, or any electrical service, new or rewire. Stop in or call Village Hall for more information (920-533-8321)

Sewer laterals

The Wastewater Treatment facility and some village residents are experiencing sewer blockages due to sanitary products and wipes being flushed down the toilet. Please put all types of wipes and sanitary products in your trash only.

Brush Chipping (spring – fall) & Leaf pickup (fall only)

Put brush or leaves on terrace – Not in the street or gutters. We do not pick up leaves in the spring.

Face all branches in the same direction, butt ends toward flow of traffic

Keep piles about 3’ high by 5’ wide with space between piles. For leaves, leave space around the pile for the vacuum hose. Leave up to 25’ – 30’ of space for truck and chipper/vac to pull up to your curb without any vehicles in the way – we do not want to block intersections either

Do not put logs, stones, dirt, root balls, dog waste, metal, or concrete in the brush piles – this will damage the chipper or leaf vac. You will be refused service and charged for damages. Take other garden waste to the compost dumpster at the DPW shop..

Dog & Cat Licensing
