Discussion on changing employees to salary based off FLSA guidelines (Federal Labor Standards Act) by the Department of Labor

- In order to become compliant with the DOL, we have employees whose job duties make them exempt according to FLSA guidelines. The possibility of changing employment status to “salaried” will be discussed during the budgeting process.

Discussion on changes necessary to the handbook

- The committee authorized Clerk-Treasurer Tellier to make changes to the handbook as discussed. The revised handbook will be an agenda item for the regular board to approve August 10th.

Respectfully submitted,
Becky Tellier
