

# Village of Campbellsport

---

Budget Committee  
**Wednesday, November 2, 2016 – 6 pm**  
Campbellsport Municipal Center  
Community Room - 470 Grandview Avenue

Janet Hafemann called the meeting to order at 6 pm. All committee members present (Janet Hafemann, Dave Krebs, and Brandon Serwe).

Mark Gruber, Director of Public Works, mentioned that he was told the individuals who put up the Love Lights are not interested in doing it again this year. Gruber explained that he has not budgeted for his crew to be putting up the lights. The Village already pays for the electricity for the lights, takes down the lights, and stores them. Clerk-Treasurer Tellier explained that because the group is accepting donations, they should no longer use the village's Menards account to purchase the lights tax-free. At a seminar with the Department of Revenue, Tellier learned that groups receiving donations should become 501(c)(3) certified with the IRS so that they would have their own tax exempt number.

Focus on Energy will be doing a study of the water and sewer departments and suggest some electrical cost savings.

Krebs made the motion to adjourn at 7:48 pm and the motion carried by voice vote.

Respectfully submitted,  
Becky A Tellier  
Clerk-Treasurer
